

Add-On: Items Image in Invoice Print with Warranty

Description

The **Items Image in Invoice Print with Warranty** Add-On for **Tally Prime** adds a professional and visual touch to your invoicing process. It allows users—especially those dealing in **jewelry, electronics, or custom goods**—to include **item images** directly on the printed invoice, along with warranty details.

By configuring image paths in each **Stock Item Master**, the related image automatically pops up during sales entry and prints alongside the item details (for up to two items per invoice). This helps ensure accuracy, improves presentation quality, and enhances customer confidence.

Key Features

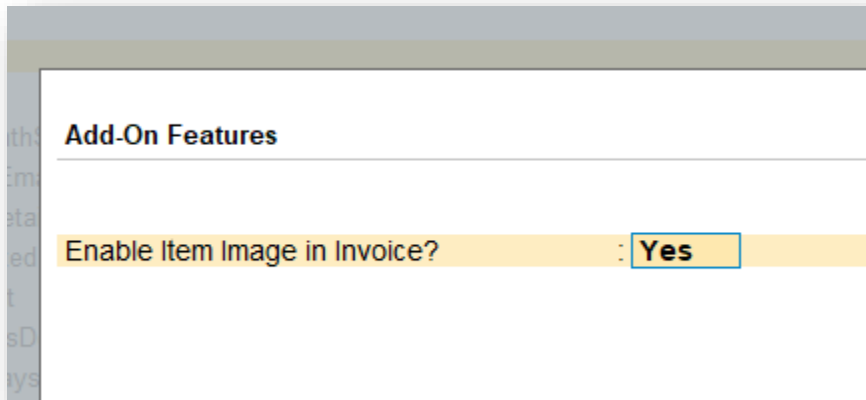

- **◆ Item Image Display:** Attach and display item images (like jewelry pieces or products) in invoices.
- **◆ Image Path in Item Master:** Configure image file paths directly in the stock item master.
- **◆ Auto Popup on Selection:** Automatically shows item image popup when selecting the item during sales voucher entry.
- **◆ Print with Warranty Details:** Invoice print includes both item image and warranty details for better customer clarity.
- **◆ Limited to Two Items per Invoice:** Ensures neat, readable, and balanced invoice presentation.
- **◆ Professional Look:** Enhances your invoice appearance with visually rich product details.
- **Benefits**
 - **✓ Improved Identification:** Visual representation reduces disputes or confusion about specific items sold.
 - **✓ Enhanced Customer Experience:** Gives customers a more detailed and trustworthy invoice presentation.
 - **✓ Time Saving:** Auto-fetches item images and warranty info—no need for manual attachment or editing.
 - **✓ Professional Branding:** Adds a modern, premium, and personalized touch to your printed invoices.
 - **✓ Useful for Jewelry & Custom Products:** Ideal for jewelry showrooms, mobile shops, or electronic goods dealers.
